Why does the Biden administration need this info?

Relatedly, why does the ATF actually exist? If you're a cartel running drugs and guns on our southern border, Biden doesn't care. But if you buy a gun legally you get tracked by the ATF? Just get rid of it.

The Ukraine stuff just gets more unhinged by the hour. You hate America unless you want to send our best to die in a war that has nothing to do with this country? Give me a break.

I spoke to a former Republican now Dem who came to a town hall. She *hated* Tucker Carlson. When I pointed out he was the only mainstream voice using his show to push back against an idiotic war with Russia, she said, "Well, that's true. I really do agree with him there."

I somehow missed this segment on AirBnB banning Michelle Malkin. The fundamental question for our party is whether we'll fight to ensure our own voters are able to participate in modern life. No more slogans. It's time to end corporate tyranny.

Every advantage AirBnB received through public policy should be on the table. Every liability carve out. Every tax break. Every subsidy. Every time we give a privilege to a company that turns around and discriminated against our own people is a tragedy, and it must stop.

Steve is exactly right. So many young people are being priced out of good homes. No homes mean people don't start families. And if you don't have healthy young families you don't have a nation. Time to stop the Biden-Tim Ryan war on normal people.

I don't actually understand this pov from conservatives right now. This is happening because Biden is weak and shown he doesn't care, and Putin thinks he can get away with invading. In the end Biden may decide to try to defend Ukraine, but he did nothing for deterrence

Alright I've tried very hard not to be this guy and I've made it about 17 minutes: the 3rd and goal hold call was the second worst call I've ever seen as a football fan. The worst was not calling false start on the entire Rams team three seconds earlier.

The Canadian truckers have killed zero people and are being treated like terrorists in their own country.

18 months ago, BLM rioters killed 20 people and were bailed out of prison by the future vice president of the United States.

It's time for conservatives to get serious.

What's happening in Canada is a far greater assault on democracy than anything the Left has whined about the last few years. It could happen here if we don't elect people who defend our voters.https://twitter.com/ottawapolice/status/1494683910411751426 …

What explains both the Russia hawkishness and the dereliction of duty at the border is this: elites don't care if my neighbors die. Fentanyl coming across the border kills people I care about. Declaring the cartels a terrorist org would do more for them than a Ukraine war.

Ron Filipkowski @RonFilipkowski

OH Senate candidate JD Vance: "I think it's ridiculous that we are focused on this border in Ukraine. I got to be honest with you, I don't really care what happens to Ukraine one way or the other."

Your entire time in military leadership we won zero wars. You drank fine wine at bullshit security conferences while thousands of working class kids died on the battlefield. Oh, by the way, how much do you stand to gain financially from a war with Russia, Barry?

      The 'truckers' are a small fringe group of rubes harvested by the alt right organizers of the illegal protest. The CDN Truckers Association has come out strongly, and in writing, against the mob.

that's because the rally was literally organized by white supremacists. the national trucker's union is against the rally. shouldn't a Yale graduate know basic stuff like this?

The 'truckers' are a small fringe group of rubes harvested by the alt right organizers of the illegal protest. The CDN Truckers Association has come out strongly, and in writing, against the mob.

I see @JDVance1 has awakened the warmongering losers with his fact-based position. He's right and they know it. We have no vital interest in Ukraine to send American kids to die for. Shamefully the window for deterring Putin slammed closed when Obama/Biden did nothing in 2014.

A patriotism so healthy that it spends far more time on the Ukraine than Canada, and far more focus on your fellow Christians than the Biden administration, which has seen an explosion of needless suffering amongst your fellow citizens. What a joke.

I appreciate the great Nancy Nix writing on my behalf in the Enquirer. Importantly, the drug issue is a border issue. I'll be on War Room with Steve Bannon to discuss this and other topics at 1030.

I'm glad to have Boot, Kristol, and the full gaggle of idiots as enemies. I welcome their scorn. When elected, we're going to look into the financial relationships that reward people for ignoring real problems (like the border and the drug crisis) while focusing on fake ones.

Finally, let me address the dumbest argument I've heard about my War Room appearance: that we can focus on the border and Ukraine at the same time. Look, I wish that were true, but turn on CNN and listen to these people talk. We clearly can't. So let's focus on what matters.

WATCH: @JDVance1 lays out 3 things to keep in mind about Ukraine:

What's happening in Ukraine doesn't threaten our national security, but it does distract our leaders from the things that do actually threaten it, like the wide open southern border & all the fentanyl coming across killing American kids.

JD VANCE U.S. SENATE CONSERVATIVE OUTSIDER

JD Vance Issues Statement Slamming 'America Last' Opponents on Ukraine

CINCINNATI JD Vance, candidate for U.S. Senate in Ohio, today released the following statement

"Vladimir Putin is an evil man, who has done a number of evil things during his time in government But spare me the performative affection for the Ukraine, a corrupt nation run by oligarchs, that is as close to a functional democracy in 2022 as Afghanistan was when Joe Biden handed it over to the Taliban in 2021

"Of course, we all pray for peace for the innocent Ukrainians caught up in this, but American foreign policy has been broken for too long

"The media and political elites are seething at me because I uttered aloud what everyone deep down knows is true that the Russia-Ukraine border dispute has nothing to do with our national security, no American interest is served by our intervention, and that the obsession with Ukraine from our idiot leaders serves no function except to distract us from our actual problems

"Now expect this kind of hysteria from the Democrats and the media. was disappointed to see Jane Timken and Mike Gibbons jumping on the America last bandwagon While each claim to be "America First " their recent statements reveal that they are Cheney Republicans masquerading as allies of Donald Trump. Remember, the people obsessing over Russia's conduct today are the same people who tried to

Dan, I like you. Always have. But c'mon. The same people promising that we can address this with little pain are the exact same people who have been wrong on any number of major foreign policy catastrophes for decades. I'm sick of listening to them.

What's happening in Ukraine doesn't threaten our national security, but it does distract our leaders from the things that do actually threaten it, like the wide open southern border & all the fentanyl coming across killing American kids.

JD Vance Issues Statement Slamming 'America Last' Opponents on Ukraine

CINCINNATI – JD Vance, candidate for U.S. Senate in Ohio, today released the following statement:

"Vladimir Putin is an evil man, who has done a number of evil things during his time in government. But spare me the performative affection for the Ukraine, a corrupt nation run by oligarchs, that is as close to a functional democracy in 2022 as Afghanistan was when Joe Biden handed it over to the Taliban in 2021.

"Of course, we all pray for peace for the innocent Ukrainians caught up in this, but American foreign policy has been broken for too long.

"The media and political elites are seething at me because I uttered aloud what everyone deep down knows is true: that the Russia-Ukraine border dispute has nothing to do with our national security, no American interest is served by our intervention, and that the obsession with Ukraine from our idiot leaders serves no function except to distract us from our actual problems.

"Now I expect this kind of hysteria from the Democrats and the media. I was disappointed to see Jane Timken and Mike Gibbons jumping on the America last bandwagon. While each claim to be "America First," their recent statements reveal that they are Cheney Republicans masquerading as allies of Donald Trump. Remember, the people obsessing over Russia's conduct today are the same people who tried to

JD Vance Issues Statement Slamming 'America Last' Opponents on Ukraine

CINCINNATI JD Vance, candidate for U.S. Senate in Ohio, today released the following statement

"Vladimir Putin is an evil man, who has done a number of evil things during his time in government But spare me the performative affection for the Ukraine, a corrupt nation run by oligarchs, that is as close to a functional democracy in 2022 as Afghanistan was when Joe Biden handed it over to the Taliban in 2021

"Of course, we all pray for peace for the innocent Ukrainians caught up in this, but American foreign policy has been broken for too long

"The media and politica elites are seething at me because I uttered aloud what everyone deep down knows is true that the Russia-Ukraine border dispute has nothing to do with our national security, no American interest is served by our intervention, and that the obsession with Ukraine from our idiot leaders serves no function except to distract us from our actual problems

"Now expect this kind of hysteria from the Democrats and the media was disappointed to see Jane Timken and Mike Gibbons jumping on the America last bandwagon While each claim to be "America First " their recent statements reveal that they are Cheney Republicans masquerading as allies of Donald Trump. Remember, the people obsessing over Russia's conduct today are the same people who tried to

Public Health Protection Pledge

I, JD Vance, pledge to the taxpayers of the State or Commonwealth of Ohio and to the American people that I will

1.) Vote to subpoena Dr. Anthony Fauci in order to investigate any corrupt activities in which he may be party regarding the COVID-19 pandemic as well as the numerous and demonstrable lies that he has told to the United States Congress and the American people regarding the virus, its origin, and the efficacy of public health measures to fight it

2. Sponsor and vote for legislation that reduces the salary of the Director of the National Institute of Allergy and Infectious Diseases (NIAID) and Chief Medical Advisor to the President of the United States, Dr. Anthony Fauci, to $0.00

What's happening in Ukraine has nothing to do with our national security, but it is distracting our idiot "leaders" from focusing on the things that actually do matter to our national security, like securing the border & stopping the flow of Fentanyl that's killing American kids.

The foreign policy establishment gets rich when American children die for dumb ideas; they make nothing when our leaders solve real problems. This is why we focus so much on Ukraine and so little on our own border.

JD Vance Issues Statement on Russia Invasion of Ukraine

CINCINNATI – JD Vance, candidate for U.S. Senate in Ohio, today released the following statement:

"Russia's assault on Ukraine is unquestionably a tragedy, especially for the innocent people caught in the crossfire. It's also a stark reminder of our own failed leadership. For decades, elites pursued a policy of isolating Russia, which has only had the effect of driving Putin directly into the arms of the Chinese Communists. We wouldn't be watching the tragedy we're witnessing today if Russia didn't have Beijing's backing.

"We spent $6 billion on a failed Ukrainian army. Our leaders foolishly pressured Ukraine to give up their nuclear arsenal in the 1990s, which stripped them of their leverage to deter an eventual Russian invasion. These supposed "experts" wrongly predicted that these moves would deter Russia instead of provoking them; on this, as with so much else, they were catastrophically wrong.

"Trump deserves an incredible amount of credit for the strength and diplomatic engagement that kept Putin in check–and Biden an equal amount of blame for his lack of leadership. Our energy independence gave us leverage; Biden squandered it.

"While media elites slander those of us who believe in "America First," Russia is always at its most bellicose when a globalist sits in the Oval Office.

"In the coming days, the usual suspects will show no humility. Russia has earned sanctions, but whatever sanctions we apply will have little effect. So the experts will demand we do "something" without spelling out what it even means. Sadly, all the other Republican candidates in the Ohio Senate race have echoed those calls. They should try being honest with the American people and admit what they really want: military intervention from American or NATO troops. This would be a disaster, and we must stand against it under any circumstance.

"Putin is an evil man, but the foreign policy establishment that led Ukraine directly into the slaughterhouse deserves nothing but scorn.

Here's a wealthy grown man making fun of a kid, as that kid recounted being attacked. Lebron is one of the most vile public figures in our country. Total coward.

What tears????? I didn't see one. Man knock it off! That boy ate some lemon heads before walking into court. 🤣🤣🤣

It's not a good moment for that at all. A "no fly zone" should be called an American "bomb and start a war" zone, because that's what it would actually mean.

We are exposed to a constant barrage of propaganda about Ukraine and Russia. We are told it's the most important test of democracy in a generation. Yet: the one thing we could do to weaken Russia is become more energy independent, and we refuse to consider it. Something is off.

The Dems & RINOs ignore our own problems while potentially blundering us into another war that doesn't serve our national interest.

Instead of trying to trigger WW3 with a disastrous no fly zone in Ukraine, we should secure our own border to stop the fentanyl killing our kids.

      Very telling to watch certain people posture against a hypothetical US war on Russia that no one in the US government has proposed in order to avoid opposing an actual Russian war on Ukraine that Russia's government just approved.

      Honesty would also include an admission that 20 years of US policy has helped create the environment that has led to this. From the CIA assisted regime change in 2014, to the expansion of NATO infrastructure into Ukraine. I feel bad for Ukraine because they will pay the price.

      That is a lie. It was the Ukrainian people who did that themselves. It was not the US, not the CIA, not the EU. It was the Ukrainians who kicked out Yanukovych. You have no argument since the basis is a lie.

"Russia s assault on Ukraine is unquestionably a tragedy, especially for the innocent people caught n the crossfire It s also a stark reminder of our own failed leadership For decades, elites pursued a policy of isolating Russia, which has only had the effect of driving Putin directly into the arms of the Chinese Communists We wouldn't be watching the tragedy we're witnessing today if Russia didn't have Beijing's backing.

"We spent $6 billion on a failed Ukrainian army Our eaders foolishly pressured Ukraine to give up their nuclear arsena n the 1990s, which stripped them of their leverage to deter an eventual Russian invasion These supposed "experts" wrongly predicted that these moves would deter Russia instead of provoking them; on this as with so much else, they were catastrophically wrong

"Trump deserves an incredible amount of credit for the strength and diplomatic engagement that kept Put n in check–and Biden an equal amount of blame for his lack of leadership. Our energy independence gave us leverage: Biden squandered it

      Very telling to watch certain people posture against a hypothetical US war on Russia that no one in the US government has proposed in order to avoid opposing an actual Russian war on Ukraine that Russia's government just approved.

      Honesty would also include an admission that 20 years of US policy has helped create the environment that has led to this. From the CIA assisted regime change in 2014, to the expansion of NATO infrastructure into Ukraine. I feel bad for Ukraine because they will pay the price.

JD Vance Issues Statement on Russia Invasion of Ukraine

CINCINNATI – JD Vance, candidate for U.S. Senate in Ohio, today released the following statement.

"Russia's assault on Ukraine is unquestionably a tragedy, especially for the innocent people caught in the crossfire. It's also a stark reminder of our own failed leadership. For decades, elites pursued a policy of isolating Russia, which has only had the effect of driving Putin directly into the arms of the Chinese Communists. We wouldn't be watching the tragedy we're witnessing today if Russia didn't have Beijing's backing.

"We spent $6 billion on a failed Ukrainian army. Our leaders foolishly pressured Ukraine to give up their nuclear arsenal in the 1990s, which stripped them of their leverage to deter an eventual Russian invasion. These supposed "experts" wrongly predicted that these moves would deter Russia instead of provoking them; on this, as with so much else, they were catastrophically wrong.

"Trump deserves an incredible amount of credit for the strength and diplomatic engagement that kept Putin in check–and Biden an equal amount of blame for his lack of leadership. Our energy independence gave us leverage: Biden squandered it.

"While media elites slander those of us who believe in "America First," Russia is always at its most bellicose

CINCINNATI – JD Vance, candidate for U.S. Senate in Ohio, today released the following statement:

"Russia's assault on Ukraine is unquestionably a tragedy, especially for the innocent people caught in the crossfire. It's also a stark reminder of our own failed leadership. For decades, elites pursued a policy of isolating Russia, which has only had the effect of driving Putin directly into the arms of the Chinese Communists. We wouldn't be watching the tragedy we're witnessing today if Russia didn't have Beijing's backing.

"We spent $6 billion on a failed Ukrainian army. Our leaders foolishly pressured Ukraine to give up their nuclear arsenal in the 1990s, which stripped them of their leverage to deter an eventual Russian invasion. These supposed "experts" wrongly predicted that these moves would deter Russia instead of provoking them; on this, as with so much else, they were catastrophically wrong.

"Trump deserves an incredible amount of credit for the strength and diplomatic engagement that kept Putin in check–and Biden an equal amount of blame for his lack of leadership. Our energy independence gave us leverage; Biden squandered it.

"While media elites slander those of us who believe in "America First," Russia is always at its most bellicose when a globalist sits in the Oval Office.

"In the coming days, the usual suspects will show no humility. Russia has earned sanctions, but whatever sanctions we apply will have little effect. So the experts will demand we do "something" without spelling out what it even means. Sadly, all the other Republican candidates in the Ohio Senate race have echoed

Republicans should pass a law giving every parent in the country the ability to sue school administrators for the developmental issues and emotional distress caused by the mask mandates forced on their children.

Biden's open border policies are bringing crime & deadly fentanyl here. Americans are dying because of it.

Finish the wall. End welfare for illegals. Cut all funding for sanctuary cities.

Secure the border. Protect our citizens. Put America First.

Let's just be direct: the Biden administration is pursuing a policy of freezing and starving normal Americans. Whether it's their goal, it's the obvious effect of what they're doing. And their reprehensible media cheerleaders are calling it "shared sacrifice."

It's going to get much, much worse. And there's no obvious endpoint or goal. Indeed, the stupidity is so extreme it makes you wonder whether it's stupidity or malicious intent. "Let's sanction India, which makes 90 percent of our generic pharmaceuticals." What are they doing?

Good morning to everyone except the POS Republican and Democrat politicians who are about to fork over $14 billion to Ukraine without blinking an eye.

The same people who wouldn't give Trump one red cent for the southern border wall to protect our own country.

It's one thing to support sanctions as a punitive response to an invasion. It's something else to support them indefinitely, while your own government refuses to take steps to protect its own people.

What exactly is the Biden administration trying to accomplish in Europe? And how much "sacrifice" are they asking of us? Would be good for congressional Republicans to ask these questions. No one else is.

More from OH >> JD Vance goes on Bannon to call Mandel & Gibbons "clowns."

"Gibbons is like a 70-year-old guy, and Mandel stands up there like he's gonna fight him. Next week he's going to go to the nursing home and beat up on a bunch of 80-year-old ladies to show he's tough."

JD Vance is clearly the guy in Ohio. His very rational behavior in evaluating the war narrative makes him the most qualified person for the job IMO. No idea what the polling is up there, but I hope he wins.

I say “elites” because many normal libs have a perfectly good sense of humor. There’s something about the social pressures of liberal political culture that turns people into humorless scolds. Spending too much time in it ruins people.

Are these people unaware of who our leaders are? Do we want General Mark Miller to lecture the Russians about "white rage" after they blow up one of our planes? Do we trust Biden and Kamala to lead our nation in a war with a major power?

The answer is "of course not." And this entire episode shows how reckless and idiotic our culture has become. The media will focus on Gibbons's comments about women (yes they were bad) or the fact that he dared to read Charles Murray and talk about it.

1

J.D. Vance @DVance1 · 11s

Meanwhile, he and Mandel are proposing to sleepwalk us into a war that we have no business fighting. "Hey, I have a great idea, let's give the people who screwed up Iraq, Afghanistan, and Lybia even more power over a far more dangerous conflict."

It's insane how little Republican politicians have learned from the last 20 years. But no one who claims they're "America First" should be repeating the same conventional wisdom that has destroyed our country's wealth and lost a generation's worth of wars.

What's happening in Ukraine doesn't threaten our national security, but it does distract our leaders from the things that do actually threaten it, like the wide open southern border & all the fentanyl coming across killing American kids.

Full statement below:

JD VANCE U.S. SENATE CONSERVATIVE OUTSIDER

JD Vance Issues Statement Slamming 'America Last' Opponents on Ukraine

CINCINNATI – JD Vance, candidate for U.S. Senate in Ohio, today released the following statement:

"Vladimir Putin is an evil man, who has done a number of evil things during his time in government. But spare me the performative affection for the Ukraine, a corrupt nation run by oligarchs, that is as close to a functional democracy in 2022 as Afghanistan was when Joe Biden handed it over to the Taliban in 2021.

"Of course, we all pray for peace for the innocent Ukrainians caught up in this, but American foreign policy has been broken for too long.

"The media and political elites are seething at me because I uttered aloud what everyone deep down knows is true: that the Russia-Ukraine border dispute has nothing to do with our national security, no American interest is served by our intervention, and that the obsession with Ukraine from our idiot leaders serves no function except to distract us from our actual problems.

We launched the #NoBSTour in mid-January & since then, I've done nearly 50 town halls across Ohio.
While other candidates are hiding from Ohio voters & only doing the occasional pre-scripted event, we're gaining momentum by taking our message directly to the grassroots. #OHSen

Excellent remarks by @JDVance1 at @AmMomentOrg / @amconmag foreign policy event today. Vance warns against the excessive moralism of our foreign-policy elites, while noting C.S. Lewis's fiction is a better guide to reality than the nonfiction books of Bill Kristol or David Frum.

I will be damned if I am going to prioritize Ukraine's eastern border right now when our own southern border is engulfed by a human tsunami of illegal migrants.

For context, approximately 200,000 Russian troops have invaded Ukraine, which is a tragedy and inexcusable. As Christians, we pray for the innocent Ukrainian people witnessing war in their backyards. Concurrently, at the U.S. southern border, we endure that many illegal trespassers pouring into our homeland every month.

My kids are sick and my wife is out of town so of course I'm being a terrible father and we're just watching Star Wars. One observation: the Yoda of the original trilogy is just so much more realistic than the one created 30 years later by CGI. It's amazing.

CNN “reporter” sends weird snarky tweet attacking me for watching movies with my kids because he doesn't understand the difference between calling to end a corporation’s government goodies & calling for a consumer boycott.

PS: We're obviously watching the original trilogy 😉

It's remarkable how the accountability you seek is only one way, and completely partisan

But then again, it's really not when you get to know you.

JD Vance Accepts Newsmax Debate

CINCINNATI – JD Vance, candidate for U.S. Senate in Ohio, today announced his acceptance of Newsmax's debate on April 20

"Newsmax will focus on issues that truly concern conservatives and that play a major role in voters' decision making at the polls," said Vance. "I look forward to addressing those issues that Ohioans actually care about and discussing my commitment to protect and preserve life and family values, defend our Constitution and uphold our Second Amendment rights, defeat Big Tech, reign in China and stop illegal immigration once and for all. It will be a great opportunity to close out this debate season on a high note."

Live and televised at 8 P.M. on Wednesday, April 20, Newsmax's debate will be held at Ohio Wesleyan University

I am not a criminal lawyer. I am sure people are right that it's risky for him to testify. But our leaders abandoned this kid's community to lawless thug rioters, and he did something about it, and now a lawless thug prosecutor is trying to destroy his life.

We leave our boys without fathers. We let the wolves set fire to their communities. And when human nature tells them to go and defend what no one else is defending, we bring the full weight of the state and the global monopolists against them.

I am not a criminal lawyer. I am sure people are right that it's risky for him to testify. But our leaders abandoned this kid's community to lawless thug rioters, and he did something about it, and now a lawless thug prosecutor is trying to destroy his life.

Trump says to push for a negotiated settlement before everyone in conflict is dead. Otherwise "there will be nothing left but death, destruction, and carnage."

- April 18 2022

Statement by Donald J. Trump,
45th President of the United States of America

It doesn't make sense that Russia and Ukraine aren't sitting down and working out some kind of an agreement. If they don't do it soon, there will be nothing left but death, destruction, and carnage. This is a war that never should have happened, but it did. The solution can never be as good as it would have been before the shooting started, but there is a solution, and it should be figured out now—not later—when everyone will be DEAD!

I'm incredibly honored to have President Trump's support. He was an incredible fighter for hard working Americans in the White House, he will be again, and I'll fight for the America First Agenda in the Senate.
